Copy of letter No O C 12 dated the 28th July 1923 from the Deputy Commissioner, Shimoga District to the Sanitary Commissioner in Mysore, Bangalore

With reference to your Memo No O C 634-5 dated the 5th July 1923 returning the bye-laws of the Myanti Municipality for revision taking into consideration the appointment of a whole-time vaccinator etc, I have the honor to state that there being no whole time vaccinator employed by the Municipal Council the Taluk Board Vaccinator and the Sub Assistant Surgeon of the Local Dispensary are attending to vaccination work in the town. There is neither a Sanitary Inspector nor a Sanitary Maistry employed by the Municipality and it is therefore not possible to get any body trained in vaccination work as suggested in the G O of the 19th September 1921 referred to by you. The only course now open in the matter is to allow the present arrangements to continue till the appointment of a whole time Vaccinator by the Myanti Minor Municipal Council, which will however be suggested to the Council for serious consideration.

In these circumstances, I request that the bye-laws submitted by the Municipal Council may kindly be sanctioned early.

One file of papers on the subject are retransmitted herewith
